## PROFESSIONAL SUMMARY

Motivated Computer Science undergraduate with strong problem-solving skills and experience in full stack web development. Skilled in building responsive web applications, REST based systems, and AI-driven solutions using modern technologies such as React, Node.js, and MongoDB. Passionate about developing scalable software solutions and improving expertise in data structures, machine learning, and software engineering practices.

## TECHNICAL SKILLS

|           |                                                                      |
|-----------|----------------------------------------------------------------------|
| Languages | Java, Python, JavaScript                                             |
| Frontend  | React.js, HTML, CSS, Tailwind CSS                                    |
| Backend   | Node.js, Express.js, REST APIs                                       |
| Database  | MongoDB                                                              |
| Tools     | Git, GitHub, Vercel, Tableau                                         |
| Concepts  | Data Structures, Component-Based Architecture, Responsive Web Design |

## PROJECTS

### Verifixa – KYC Verification Platform | Hackathon Project:

- Developed a digital KYC verification solution to simplify identity validation
- Focused on secure onboarding and improved verification workflow
- Finalist — Saveetha Engineering College 24-Hour Hackathon (Top 60 among 4000+ teams)

### Patient Medical Records Management System –TypeScript, CSS, JavaScript

- Developed a web-based system to digitally manage patient medical records.
- Structured data handling for medical history, prescriptions, and consultations.

### Smart Waste Management System – typescript, CSS, JavaScript

- Created a waste tracking web application to monitor waste collection.
- Implemented data visualization and responsive UI for operational efficiency.

## EDUCATION:

**B.Tech – Computer Science and Engineering** B.S. Abdur Rahman Crescent Institute of Science and Technology, Chennai 2024 – 2028 | CGPA: 8.76 (till 3rd semester)

## CERTIFICATIONS

- Deloitte Data Analytics Job Simulation – Deloitte (Forage), 2026
- Web Development Fundamentals – IBM SkillsBuild, 2026
- Advanced C++ Training – IIT Bombay Spoken Tutorial, 2025

## CODING & DEVELOPMENT

- Active GitHub developer with multiple deployed web applications.
- Practicing Data Structures and Algorithms in C++ to strengthen problem-solving skills.
- Experience deploying applications using modern cloud platforms.
